THE BRITISH VETERINARY JOURNAL

A Monthly Review of Veterinary Science

VOLUME CXVIII

LONDON
BAILLIÈRE, TINDALL & COX
7 AND 8 HENRIETTA STREET, W.C.2
1962

Editor

J. A. LAING

Royal Veterinary College, Boltons Park,
Potters Bar, Middlesex

Editorial Board

SIR JOHN RITCHIE (Chairman),
Ministry of Agriculture, Fisheries and Food, London

R. A. ALEXANDER,
Department of Agriculture, Onderstepoort, South Africa

W. G. BEATON,
C.C.T.A., Interafrican Bureau for Animal Health, Muguga, Kenya

I. S. BEATTIE,
Royal (Dick) School of Veterinary Studies, University of Edinburgh

SIR THOMAS DALLING,
Howdenhall Road, Edinburgh

J. FRANCIS,
University of Queensland Veterinary School, Brisbane, Australia

C. S. GRUNSELL,
School of Veterinary Science, University of Bristol

J. A. HENDERSON,
Ontario Veterinary College, Guelph, Canada

W. M. HENDERSON,
Pan-American Foot-and-Mouth Disease Centre, Rio de Janiero, Brazil

J. R. M. INNES,
Brookhaven National Laboratories, New York, U.S.A.

H. G. LAMONT,
Veterinary Research Division, Ministry of Agriculture for N. Ireland, Belfast

R. S. MARSHALL,
Colonial Office, London

J. C. NEWHOOK,
Massey Agricultural College, Palmerston North, New Zealand

E. J. L. SOULSBY,
Department of Animal Pathology, University of Cambridge

W. L. WEIPERS,
University of Glasgow Veterinary School

E. G. WHITE,
University of Liverpool Veterinary School

GENERAL INDEX

AGRICULTURAL chemical approval scheme: list of approved products, (1962), 305.
Aluminium-gel—adsorbed sheep pox virus vaccine, 159.
Animal health and husbandry, modern trends in—
(i) agricultural ecology of sheep grazing, 461.
(ii) use of laboratory diagnosis, 504.
Annotated bibliography of surveys of the incidence of diseases of farm animals and birds in Great Britain, published during 1931–1961.
I.—Pigs, surveys covering several species, and surveys of, (surveys 1–29), 399.
II.—Cattle, (surveys 30–57), 443.
III.—Cattle, (surveys 58–87), 494.
IV.—Cattle, (surveys 88–129), 534.
Aujeszky's virus in rabbits and tissue culture, 386.

BOOK REVIEWS—
Actinomycetes, the, Vol. II. Classification, identification and description of genera and species, (S. A. Waksman), 397.
Advances in clinical chemistry (H. Sobotka and C. P. Stewart), 117.
Advances in veterinary science (ed. C. A. Brandly and E. L. Jungherr), 33.
Agricultural policies in Europe and North America, 4th Report of O.E.E.C. (H.M.S.O.), 43.
Agriculture, toxic chemicals in (Report of Research Study Group)—Chairman, H. G. Sanders, 439.
Anaesthesia and analgesia, veterinary, 5th edn. (J. G. Wright and L. W. Hall), 119.
Animal breeding, textbook of, Vol. 3, Pt. 2, (J. Hammond, I. Johansson and F. Haring), 75.
Animal health Year Book, (1960), 347.
Animal histology, Pt. 2, microscopic anatomy (Gunter Hoffman), 76.
Animal hormones, a comparative survey, Pt. I—Kinetic and metabolic hormones (Penelope M. Jenkin), 310.
Animal nutrition—The Rowett Research Institute, collected papers, Vol. XVII, (1961), 345.
Artificial insemination of cattle, physiology of reproduction (G. W. Salisbury and N. L. van Demark), 120.
Artificial insemination, semen of animals and (ed. J. M. Maule), 532.
Atlas of avian hematology, (A. M. Lucas and Casimir Jamroz), 166.
Avian hematology, atlas of (A. M. Lucas and Casimir Jamroz), 166.
Avian morphology—structure of the fowl, (O. Charnock Bradley), 32.
Bacteriology and virology, veterinary (I. A. Merchant and R. A. Packer), 218.
Book of the Greyhound, (C. G. E. Wimhurst), 219.
Chemical and neuropathological changes, symposium on (ed. Jordi Folchi-Pi), 117.
Chemistry of the injured cell (Sir Roy Cameron and W. G. Spector), 207.
Ciba Foundation Symposium on somatic stability in the newly born, (ed. G. E. W. Wolstenholme and Maeve O'Connor), 312.
Clinical chemistry, advances in (H. Sobotka and C. P. Stewart), 117.
Control of rats and mice (R. A. Davis), 346.
Darwin, a century of (ed. S. A. Barnett), 308.
Diagnostic aids in the practice of veterinary medicine, (H. H. Berrier), 31.
Dictionary, Stedman's medical, 20th edn., 346.
Dietetics, veterinary, (J. O. L. King), 166.
Digestive physiology and nutrition of the ruminant (ed. D. Lewis), 348.
Dogs and cats, export and import of (C. E. Woodrow), 397.
Farriery to Veterinary Medicine, (L. P. Pugh), 270.
Food storage, toxic chemicals in (Report of Research Study Group)—Chairman, H. G. Sanders, 439.
Fowl, the structure of the (O. Charnock Bradley), 32.
Geflügelkrankheiten, 2nd edn., (K. Fritsche and E. Gerriets), 493.
Genetical variation in human populations, Vol. 4., (ed. G. A. Harrison), 121.
Genetics, human, Vol. 17, (*Brit. med. Bull.*), 78.
Genetics of micro-organisms, (1962), *British med. Bull.*, **18**, No. 1.
Greyhound, Book of the (C. G. E. Wimhurst), 219.
Handbuch der Tierzuchtung, (J. Hammond, I. Johansson and F. Haring), 75.
Handbuch der Tierzuchtung, Vol. 3, Rassenkunde, (ed. Sir John Hammond, I. Johansson and F. Haring), 345.
Histologischer Kurs, Teil 2. Mikroskopische anatomie, (Gunter Hoffmann), 76.
Human genetics, Vol. 17, (*Brit. med. Bull.*), 78.
International Co-operation and the agricultural industry, 4th Report of O.E.E.C. (H.M.S.O.), 34.
Kinetic and metabolic hormones, (Penelope M. Jenkin), 310.
Lehrbuch der Anatomie der Haustierre, Vol. 1, 2nd edn., (R. Nickel, A. Schummer and E. Skiferle), 310.
Lehrbuch der Veterinar-Anatomie, (T. Koch), 35.
Leucosis in cattle, (E. Wiesner), 29.
Locomotor system, Vol. 1, 2nd edn., (R. Nickel, A. Schummer and E. Seiferle), 310.
Micro-organisms, genetics of (1962), *Brit. med. Bull.*, **18**, No. 1.
Micro-organisms, introduction to the biology of (L. E. Hawker, A. H. Linton, B. F. Folkes and M. J. Carlile), 118.
Morphogenesis of the vertebrates, (Theodore W. Torrey), 532.
Nervous system, chemical pathology of (ed. Jordi Folchi-Pi), 117.
Nieberle und Cohrs Lehrbuch der speziellen pathologischen Anatomie der Haustiere, 4th edn., (P. Cohrs), 311.

Nutrition of the young pig, (I. A. M. Lucas and G. A. Lodge), 269.
Pest Control—rats and mice, (R. A. Davis), 346.
Physiology of reproduction and artificial insemination of cattle, (G. W. Salisbury and N. L. van Demark), 120.
Pig, nutrition of the young (I. A. M. Lucas and G. A. Lodge), 269.
Poultry diseases, textbook of, 2nd edn., (K. Fritsche and E. Gerriets), 493.
Quarantine of dogs and cats, Handbook of regulations, (C. E. Woodrow), 397.
Radiation diseases, problems of infection, immunity and allergy, (N. N. Klemparskaya, O. G. Aleksyeve, R. V. Petrov and V. F. Sosova), 30.
Radiology, veterinary, (W. D. Carlson), 396.
Rowett Research Institute—Collected papers, Vol. XVII, (1961), Summary and subject reviews, 345.
Ruminant, digestive physiology and nutrition of the (ed. D. Lewis), 348.
Semen of animals and artificial insemination, (ed. J. M. Maule), 532.
Sheep husbandry and diseases, 4th edn., (A. Fraser and J. T. Stamp), 77.
Society for the study of human biology. Symposium on genetical variation in human populations, (ed. G. A. Harrison), 121.
Somatic stability in the newly born, Ciba Foundation Symposium on (ed. G. E. W. Wolstenholme and Maeve O'Connor), 312.
Stedman's medical dictionary, 20th edn., 346.
Third International Symposium on chemical pathology of the nervous system, Proceedings of (ed. Jordi Folchi-Pi), 117.
Toxic chemicals in agriculture and food storage Report of Research study group, (Chairman H. G. Sanders), 439.
Toxicology, veterinary, (R. J. Garner), 29.
United States Army Veterinary Service in World War II, (Office of Surgeon-General Dept. of Army), 492.
Vertebrates, morphogenesis of the, (Theodore W. Torrey), 532.
Veterinary anaesthesia and analgesia, 5th edn., (J. G. Wright and L. W. Hall), 119.
Veterinary anatomy, a guide to (T. Koch), 35.
Veterinary bacteriology and virology, (I. A. Merchant and R. A. Packer), 218.
Veterinary dietetics, (J. O. L. King), 166.
Veterinary medicine, diagnostic aids in the practice of (H. H. Berrier), 31.
Veterinary pathology, 2nd edn., (H. A. Smith and T. C. Jones), 220.
Veterinary profession, history of (L. P. Pugh), 270.
Veterinary radiology, (W. D. Carlson), 396.
Veterinary science, advances in (ed. C. A. Brandly and E. L. Jungherr), 33.
Veterinary toxicology, (R. J. Garner), 29.
World War II, U.S. Army veterinary services (office of Surgeon General Dept. of Army), 492.
Wound healing, (ed. D. Slome), 167.
Bos Bubalis L., technique of cornual nerve block in, 74.
Bovine haematocrit, observations on, 513.
Bovine tuberculosis, diagnosis of, 15.
Buffalo, isolation of *Pasteurella multocidea* from, 71.
Bursa of Fabricus, 390.

Calves, chloral hydrate anaesthesia in, 206.
Cattle, movement of, and its effect on fertility, 293.
Cattle, oestrus detection in, 327.
Cattle, pasteurellosis of, 336.
Cattle, pregnancy diagnosis in, 321.
Cattle, proliferation of two biochemical types of *Vibrio fetus* in genital tract of, 411.
Cattle, radiography of horses and, 359.
Cattle, surveys of incidence of diseases of, 443, 494, 534.
Charollais calves, observations upon the birth weight of cross-bred, 282.
Chemicals, agricultural, 305.
Chloral hydrate anaesthesia in calves, 206.
Consistometer, use of in diagnosis of pregnancy in cattle, 321.
Copper poisoning, studies on chronic,
Pt. I—toxicity of copper sulphate and copper acetate in sheep, 482.

Diet of young chicks, 19.
Dirofilaria immitis in the peripheral circulation of the dog, 299.
Dog, observations on the periodicity of *D. immitis* in the peripheral circulation of the, 299.
Drug—immobilizing technique for handling and marking wild elephant, 526.

East Coast Fever, oxytetracycline hydrochloride in, 81.
Elephant, *Loxodonta Africana*, handling and marking of, 526.
Epithelial metaplasia in lambs, 24.
Experimental research on the value of temporary partial prosthesis in pneumectomy, 127.

Fascioliasis, chemotherapy of, 1.
Fascioliasis, clinical pathology of ovine, 37.
Fat globules in milk of diseased cows, 522.
Formalinized erythrocytes in haemagglutination test, 289.
Future of the veterinary profession—
(i) education and training in veterinary science, 224.
(ii) education and training in veterinary science: commentary and discussion, 234.
(iii) general veterinary practice, 275.
(iv) veterinary investigation service, 315.
(v) general practice, 355.
(vi) veterinary practice, 403.
(vii) present state of overseas services and their possible future development, 448.
(viii) preventive medicine, 499.
Future of the veterinary profession—Editorial, 223.

Gamgee, John (1831–1894), our greatest Veterinarian, 431.

Groundnuts, toxicity associated with certain batches of, 531.
Guernsey bulls, abnormal morphology of the spermatozoa in, 257.

HAEMAGGLUTINATION test for typing *Pasteurella multocida*, 289.
Helminthiasis in Nigerian Zebu Cattle, serological response, 66.
Helminth parasites, frequency distribution of some, 151.
Horses and cattle, radiography of, 359.

JOHNE'S disease in cattle in N. Ireland, studies on—
I.—incidence and development, 11.
II.—diagnosis of clinical infections, 54.
III.—diagnosis of non-clinical infections. Review of literature, 86.
IV.—diagnosis of non-clinical infections. Serological and allergic tests, 97.
Johne's disease, vaccination against, 15.

NEWCASTLE disease, control of, 212.

OESTRUS detection in cattle, 327.
Ovine fascioliasis, clinical pathology of, 37.
Oxytetracycline hydrochloride in *Theileria parva* infection, 81.

Pasteurella multocida, haemagglutination test for typing, 289.
Pasteurella multocida, isolation of, 71.
Pasteurellosis of cattle, clinical and epidemiological observations, 336.
Pig housing, environmental studies in—
I.—air velocity, 171.
II.—ventilation and its measurement, 243.
Pig industry development authority. Report on growth and carcases (investigation carried out at Selby progeny station), 272.
Pigs, surveys of incidence of diseases of, 399.
Pneumectomy, temporary partial prosthesis in, 127.
Porcine melioidosis in Malaya, observations on, 421.
Prosthesis, temporary partial in pneumectomy, 127.

RABBITS and tissue culture, growth of Aujeszky's virus in, 386.
Radiography of horses and cattle, 359.
Report on growth and carcases Pig industry development authority (investigation carried out at Selby progeny station), 272.
Review—toxicity associated with certain batches of groundnuts, 531.
Rinderpest in tissue culture—
I.—Methods for virus production, 107.
II.—Serum neutralization tests, 133.
III.—Use of the attenuated strain as a vaccine for cattle, 141.

Salmonella typhimurium and *Spirochaeta gallinarum* immunity of chickens treated with, 390.
Sheep grazing, agricultural ecology of, 461.
Sheep pox virus vaccine, 159.
Sheep, toxicity of copper sulphate and copper acetate in, 482.
Single intradermal comparative test in diagnosis of bovine tuberculosis, 15.
St. Bel, Vial de (1750–1793), 262.
Sulphadimidine-pteridine mixtures in diet of young chicks, 19.

VETERINARY College, London, first professor of, 262.
Veterinary Science, education and training in, 224.
Vibrio fetus, two biochemical types of and infertility, 411.
Vitamin A deficiency in lambs, 24.

WATER Buffalo, cornual nerve block in, 74.

INDEX TO AUTHORS

ABBAS, Fida—(see Saxena, S.B.L.), 74.
Allan, Elizabeth—The effects of incorporating Sulphadimidine-pteridine mixtures in the diet of young chicks, 19.
Arik, F.—(See Celiker, A.), 159.

BAILEY, K. P.—(See Brocklesby, D. W.), 81.
Blackburn, P. S.—The use of the Consistometer in the diagnosis of pregnancy in dairy cattle, 321.
Brocklesby, D. W.—Oxytetracycline hydrochloride in East Coast Fever (*Theileria parva* infection), 81.

CARTER, G. R.—Formalinized erythrocytes in the haemagglutination test for typing *Pasteurella multocida*, 289.
Castle, M. E.—(See Blackburn, P. S.), 321.
Celiker, A.—Aluminium-gel—Adsorbed sheep pox virus vaccine, 159.
Clarke, R. T.—(See Froyd, G.), 151.
Creek, M. J.—Observations upon the birth weight of cross-bred Charollais calves with reference to the absence of difficulty encountered at parturition, 282.

DALLING, T.—The control of Newcastle disease, 212.
Dimitrijević, B. B.—(See Milićević, D. P.), 127.
Dow, C.—(See McFerran, J. B.), 386.
Drill, A. E.—(See Perek, M.), 390.
Dutt, B.—Epithelial metaplasia in experimental Vitamin A—deficient lambs, 24.

FALLON, G. R.—Oestrus detection in cattle. A factor in "management infertility", 327.
Fisher, E. W.—Observations on the bovine haematocrit, 513.
Francis, John—John Gamgee (1831–1894): our greatest Veterinarian, 430.
Froyd, G.—The frequency distribution of some helminth parasites, 151.

GORDON, W. A. M.—Environmental studies in pig housing. I.Air velocity, 171. II. Ventilation and its measurement, 243.
